

PTH 59N - PTH 101 Interchange Functional Design Study

Public Information Session - Wednesday, September 24, 2014

On behalf of Manitoba Infrastructure and Transportation, MMM Group Limited will be holding a Public Information Session as part of the public consultation process for the functional design of the PTH 59N and PTH 101 Interchange, active transportation crossing of PTH 101 and associated road improvements. The goal of the information session is to present the proposed upgrades to the roadways to the public and receive feedback on the plan.
